

Core/Src/sysmem.c

```
graph TD; A[Core/Src/sysmem.c] --> B[errno.h]; A --> C[stdint.h];
```

The diagram illustrates a dependency or relationship between a C source file and two header files. At the top, a gray rectangular box contains the text 'Core/Src/sysmem.c'. Two blue arrows originate from the bottom edge of this box. The left arrow points diagonally down and to the left, terminating at a white rectangular box containing the text 'errno.h'. The right arrow points diagonally down and to the right, terminating at a white rectangular box containing the text 'stdint.h'. All boxes have a thin black border.

errno.h

stdint.h
